"The most wonderful work. Perfection. Professional, reliable, punctual. I joked with the team, "you have built a piece of furniture, not a deck, and now I don't want anyone to walk on it". Magnificent workmanship."
David S

"Lucas and the team at Ballards Carpentry were fantastic. They went above & beyond, even working in the rain to build our Trex pool deck & complete it on schedule. We would have no hesitation in recommending Ballards Carpentry as they were easy to deal with, honest, reliable & their workmanship is great!!"
Belinda C

"We wanted to put a deck around our pool using a composite deck material. Lucas was recommended to us - he and his team were amazing. Lucas and his team were thorough, methodical and the outcome is more than we could have ever hoped for. Lucas has an eye for detail and is a 'can do' man! Nothing was too difficult for him. Highly recommend!!

They were excellent tradesmen, diligent and worked so hard to produce a top notch job. No waste was left on site and left as they found it plus except for a beautiful decking job. I can't praise these guys enough.
Paul K

Lucas and he team did such an amazing job of our two decks! It looks absolutely stunning at nighttime with the deck lighting giving a beautiful glow. Lucas used high quality materials, and we know this deck will last a lifetime. We couldn't be happier with the job done, and would love to get them back to do more work!
